

**This Is the Way**

Kids take turns creating obstacle courses for others as they remember, "Know Jesus; know God."

**Supplies:**

- Items and furniture available as obstacles, such as chairs, jump ropes, plastic cones, etc.

**Instructions:**

**In this weekend's story, Jesus tells us that he is the Way, the Truth, and the Life.**

**He tells us that if we know him, we also know God, and he also tells us that he is the way to heaven. Jesus gives us directions, like a map to heaven!**

1. Have kids make a small obstacle course out of the items you have gathered.
- 2.. They then direct others in the family through the obstacle course by saying, "*This is the way through the obstacle course. Do you know the way to heaven?*" As kids exit the obstacle course, they can respond that Jesus is the way to heaven.
- 3.. Have the kids create different obstacle courses!

**Just like there was a special way to get through the obstacles, there's a special way to get to heaven. We get to heaven through Jesus!**

If you have less time . . .

Create a small obstacle course yourself and have kids go through it.

If you have more time . . .

Give each kid a turn to create an obstacle course or have two teams work with different items to create different courses at the same time.
